EXPERIENCE

Technical Account Manager

Jan 2025 - Mar 2026

Deputy, Melbourne, Australia

- Served as a product expert and trusted advisor across a \$1.5M+ ARR B2B SaaS portfolio in APAC and AMER, managing client onboarding, custom implementations and post-sales technical advisory
- Led 20+ implementation projects by facilitating discovery workshops, designing product-led solutions including data mapping, and coordinating delivery teams to ensure seamless platform utilisation
- Collaborated cross-functionally with Engineering, Support and external delivery partners to manage concurrent projects, resolve blockers and align delivery with client expectations, scope and timelines
- Utilised project management tools including Jira and Asana to document project progress, track concurrent deadlines and maintain visibility across implementation tasks, escalations and delivery ownership
- Rebuilt trust with an enterprise client by delivering a structured audit workshop, resolving ongoing pain points and becoming their dedicated technical advisor for post-sales guidance
- Developed JavaScript API scripts to perform bulk platform queries and configuration changes, reducing complex setup work from 6 hours of manual platform clicks to 20 minutes
- Worked with Engineering to debug broken workflows, identify root causes and resolve complex configuration issues within customer-facing implementation projects
- Created client-facing documentation and guides using SalesHood and Confluence, improving customer understanding and effective usage of platform features

Customer Success Coordinator

Feb 2024 - Dec 2024

Lexer, Melbourne, Australia

- Provided post-sales advisory across a \$500K+ APAC B2B portfolio of retail marketing clients, supporting onboarding, product training and analytics across product performance and email marketing campaigns
- Prepared presentation decks for fortnightly meetings and business reviews, using retail performance insights and industry trends to recommend optimisation across in-store and digital campaigns
- Analysed client marketing and product data using a customer data platform and Google Sheets, identifying audience segments and behavioural trends to optimise upcoming marketing campaigns
- Supported onboarding workflows across data uploads, customer segmentation and performance reporting within a customer data platform used by retail and lifestyle brands
- Maintained a client-first approach across email, phone, Google Meet and in-person meetings, providing ongoing product guidance that improved enablement and adoption
- Maintained HubSpot CRM records to track account health, stakeholder context and strategic priorities, supporting proactive issue management and growth conversations across Sales and Customer Success

EDUCATION

Monash University, Bachelor of Media Communication

Feb 2022 - Dec 2023
